[Auto Physical Damage](#)

SEMA 2024

Event Details

When: November 5, 2024 @ 11:00AM EST [On-Demand](#) To: November 8, 2024 @ EST [On-Demand](#) Where: [Las Vegas Convention Center, Las Vegas, NV, 89109](#)

The SEMA Show is the premier destination for manufacturers and buyers looking to discover thousands of the latest innovations in the automotive aftermarket industry. Spanning four days, this trade-only event encourages attendees to experience hands-on workshops and live demonstrations, engage in educational seminars and network with peers in various sectors of the field—from collision repair to vehicle restoration and more.

Visit Mitchell at Booth #35177 in the South Upper Hall to connect with our team and see how our cutting-edge technology solutions can support your repair shop! In addition to hands-on software demonstrations, you can also view our Mitchell Diagnostics calibration system and learn how to perform simple, quick and precise ADAS calibrations in-house.
